

ASSIGNMENT – II

Project Name	Plasma Donor application
Team ID	PNT2022TMID33788
Student name	Murukesan M
Student Register Number	950819104031

Instruction 1:

Write a flask program which should display Name , Email, phone and it should display the same details once we hit submit.

Output:

The image shows a mobile application interface for a 'Welcome Signup' screen. The interface is displayed on a dark background. At the top, the word 'Welcome' is written in a large, bold, white font, with 'Signup' written below it in a smaller, lighter font. Below the text, there are three input fields, each with a placeholder text: 'Enter Name', 'Enter Email', and 'Enter Phone'. At the bottom of the form, there is a red button with the text 'submit' in white.

A dark-themed 'Welcome Signup' form. The form is centered on a black background. It has a title 'Welcome' in white, followed by 'Signup' in a smaller font. Below the title are three input fields: the first contains 'user', the second contains 'user@mail.com', and the third contains '1234567890'. At the bottom of the form is a blue 'submit' button.

A dark-themed 'Submitted Details' box. The box is centered on a black background. It has a title 'Submitted Details' in white. Below the title, the entered information is displayed in white text: 'name : user', 'mail : user@mail.com', and 'phone : 1234567890'.
